

JAPAN

Known as the “land of the rising sun”, Japan is the perfect choice for you to experience a combination of East Asian culture and Western influences. You will be interning in a country that is considered very safe yet which also boasts one of the world’s largest economies.

TOKYO

- The capital city of Japan will present you with a vibrant blend of urban and international cultures. You will gain the opportunity to learn Japanese culture while still interacting with foreign visitors every day, so you will never need to feel the panic of being lost in the remoteness of Japanese culture.
- Living and interning in the center of Japan will give you a chance to experience the dynamic urban areas with their lively attractions and unique fashion trends.
